

Approval for this bulletin

Subject to priorities defined by the Technical Council and the Presidium, the results of the *fib*'s work in commissions and task groups are published in a continuously numbered series of technical publications called *bulletins*. The following categories are used:

Category:

Technical report
State-of-the-art report
Manual / Guide to good practice / Recommendation
Model code

Approval by:

Task group and chairpersons of the commission
Commission
Technical Council
General Assembly

Any publication not having met the above requirements will be clearly identified as a preliminary draft.

fib Bulletin 101 was approved as a State-of-the-Art Report by Commission 6 Prefabrication and was drafted by Task Group 6.7, Precast Concrete in Tall Buildings, in Commission 6, Prefabrication. in 2021.
