

Approval for this bulletin

Subject to priorities defined by the Technical Council and the Presidium, the results of the *fib*'s work in commissions and task groups are published in a continuously numbered series of technical publications called *bulletins*. The following categories are used:

Category:

Technical report
State-of-the-art report
Manual / Guide to good practice / Recommendation
Model code

Approval by:

Task group and chairpersons of the commission
Commission
Technical Council
General Assembly

Any publication not having met the above requirements will be clearly identified as a preliminary draft.

fib bulletin 116 was approved as a Technical Report by the Technical Council of *fib* in February 2024.

The *fib* Working Party 1.4.3 “Fiber Reinforced Sprayed Concrete in Tunnels and Underground spaces” includes the following members:
