

Subject to priorities defined by the technical council and the presidium, the results of the *fib*'s work in commissions and task groups are published in a continuously numbered series of technical publications called *Bulletins*. The following categories are used:

Category	Minimum approval procedure required prior to publication
Technical report	Approved by a task group and the chairpersons of the commission
State-of-the-art report	Approved by a commission
Manual, Guide (to good practice) or Recommendation	Approved by the technical council of the <i>fib</i>
Model code	Approved by the general assembly of the <i>fib</i>

Any publication not having met the above requirements will be clearly identified as a preliminary draft. This *fib* Bulletin N° 73 was approved as an *fib* State-of-the-art report by *fib* Commission 1: *Structures* in August 2014.

This report was drafted by *fib* Task Group 1.6: *High-rise buildings* within *fib* Commission 1: *Structures*

Convener:

Andy Truby (TrubyStevenson Ltd)

Authors:

Colin Banks (Laing O'Rourke), Jenny Burrige (The Concrete Centre), Stefano Cammelli (BMT Fluid Mechanics Limited), Mario A Chiorino (Politecnico of Torino, Italy), Dr Taehun Ha (Deawoo Engineering and Construction), Jean-Marc Jaeger (Setec TPI), George Keleris (Buro Happold), Stuart Marsh (Skidmore, Owings & Merrill), Jose Romo (FHECOR), Steve McKechnie (Arup), Andy Truby (TrubyStevenson Ltd), Jeremy Wells (WSP).
